

# Building Collaboration in Advancing Thoracic Screening

**Heidi Schmidt**

Interim *Radiologist-in-Chief* | Toronto Joint Department of Medical Imaging  
University Health Network, Sinai Health, Women's College Hospital

Professor of Radiology | University of Toronto

Radiology Quality Lead, High Risk Lung Cancer Screening | Cancer Care Ontario

# Thoracic Screening

- Lung nodules → cancer
- Incidental findings

# Thoracic Screening

- Lung nodules → cancer
- Incidental findings

## Radiologists

- Training
- Accreditation
- Structured reporting template
- Nodule follow up algorithm
- Peer review and double-read

# Thoracic Screening

- Lung nodules → cancer
- Incidental findings

## Collaborations

- Primary care
  - Recruitment, risk assessment
  - shared decision
- Interventional radiology
- Surgery
- Pathology
- Primary care
- Respirologists
  - COPD / emphysema
- Cardiologists
  - coronary artery calcifications
